REPORTING AT MORPHETT VALE PRIMARY

Students will be coming home with their Semester 1 written report next Friday. Please take time to read through the report with your child/ren and talk about the progress they have made. Good questions to ask might include: What are you most proud of achieving in your learning? What are you finding challenging? What strategies are you working on to improve?

Remember to celebrate effort as well as achievement.

If you have any questions or concerns about the report or how your child is progressing, please request an interview with your child's teacher.

STEM OPEN DAY AT MORPHETT VALE PRIMARY

Yesterday we hosted a group of teachers and leaders from around the state for our Term 2 STEM Open Day. Every class in the school opened up their door and shared some STEM learning. The visitors were able to talk to our students and also to the staff to get some ideas about how they can develop STEM learning at their site. It was really exciting to look at the diversity and the depth of learning taking place. Have a chat to your child about what they were showcasing.

Morphett Vale's Got Talent Open Mic

Over 100 students spent their break-time being well entertained as students had a go at the Morphett Vale's Got Talent Open Mic Session! Whyatt kicked us off with a rock balad better than the original and then Chelsea tore the crowd apart with her beautiful singing. Ella had them rolling in the isles with her joke; Knock, knock, Whose there? Aunt. Aunt who? Aunt you glad Grandma's gone home? The Great Daniella wowed us with her magic tricks and there were too many great singers and dancers to list. Professors, Bayleigh and Jessica brought it home with an explosive science performance.

We'll do it all again next Wednesday and continue until everyone brave enough has had a go.

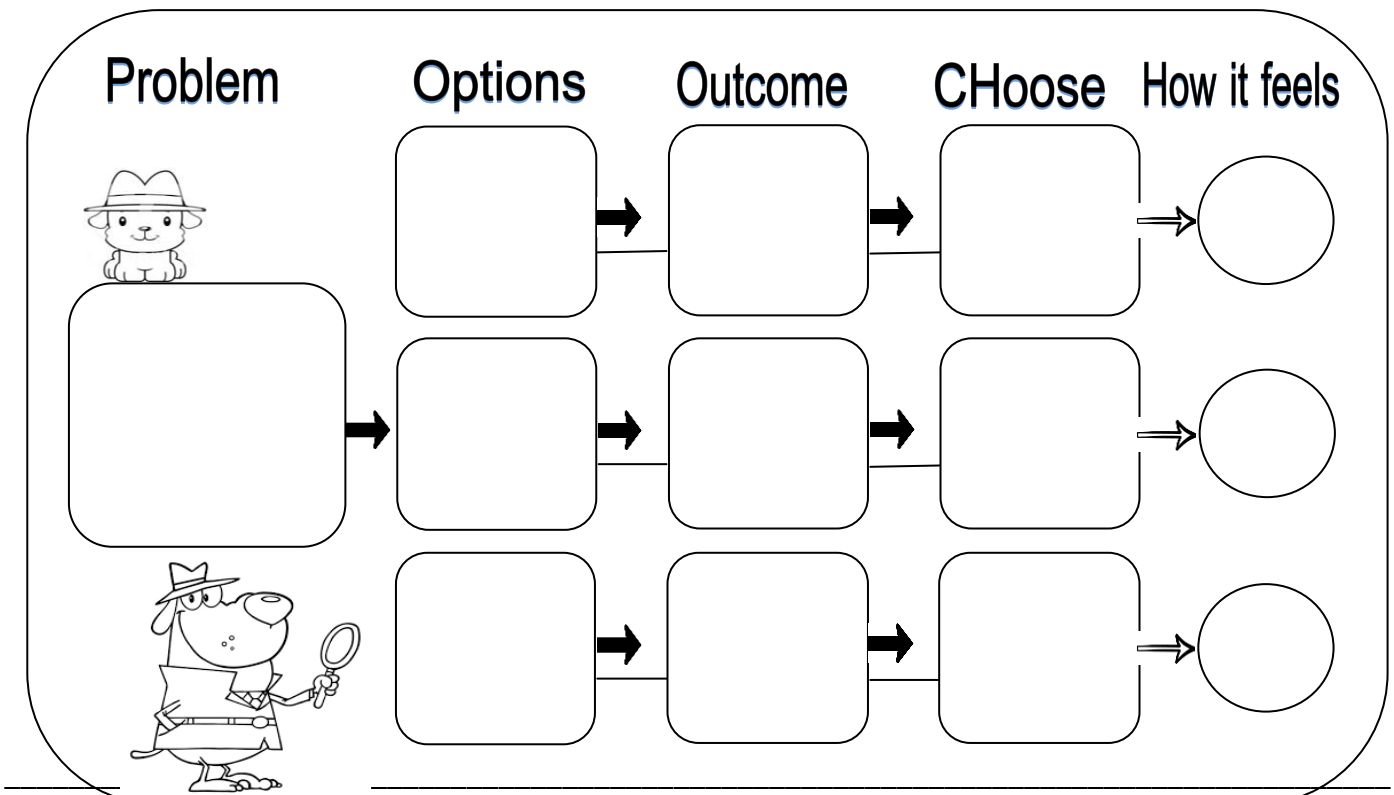

POOCH PROBLEM SOLVING

Blake worked with Danielle to develop a map for getting out of sticky situations! They were inspired by the Child Protection Curriculum and with the help of some excellent volunteers shared it with the whole school at assembly. Feel free to POOCH the next problem you come across!
