

WHOLE SCHOOL ONLINE ASSESSMENT AGREEMENT

RATIONALE

Assessment and Reporting are integral parts of the teaching and learning program at Morphett Vale Primary School. Teachers and students work in partnership to develop their expertise in designing learning that engages and intellectually challenges every learner. The information gathered through these forms of assessment continually shapes the teaching program and supports each individual student's learning.

School-based assessment will:

- Develop consistency of professional judgement of evidence of quality learning
- Strengthen the intentional and responsive learning and assessment design
- Aid teachers and students in identifying what learners know, understand and can do, prior to and during the learning
- Allow this information to inform and adjust next teaching steps.
