A new school year can be a little bit scary and exciting at the same time, but don't worry, because we're all in this together! We're a community of learners and support each other as we grow and explore new ideas and concepts. This year, we have 10 classes, each with an average of 17 students in our junior primary and 24 in our primary. We're thrilled to have five new permanent members of our teaching staff this year, bringing consistency to our preschool, junior primary, and primary teams. We also welcome our new Wellbeing Leader, Mr. James Reid, to the Morphett Vale community.

This school year will be a journey of discovery, where we'll learn, grow, and make memories that will last a lifetime. We'll be challenged, inspired, and be amazed at what we can achieve when we work together. So let's embrace this adventure with open minds and hearts. Let's be kind and supportive of each other, and have fun while we learn something new every day! This school year is going to be magical, and I can't wait to see what the future holds for us!
