Morphett Vale
Primary and
Preschool

Issue 6
Term 3, 2023

Dear Morphett Vale School Community

As we begin Term 3 we would like to extend a warm welcome back to the students, families and staff. We have new students that have started in our school as well as children starting in the preschool in the mid-year intake. We would like to express how much we value the new children, students and families and look forward to the exciting educational journey that will take place while at our preschool and school. We also have new and returning staff. We would like to welcome Taryn Kopania to our Primary Special Class and Chris Hadad who is teaching the 4/5 class while Mrs Creeper is on long service leave until week 4. Kym Mitchell and Martin Reiter have also returned from leave. Please congratulate Mr Reiter on the birth of his daughter.

We have many exciting events that will be happening in Term 3. Week 2 is an eventful week with the Reception to Grade 4 students attending Noarlunga Swimming Centre for swimming lessons. In week 3, Wakakiri is being held at the Entertainment Centre with 65 students taking part. We wish the students and Michelle the best of luck for this amazing performance. In week 4, the two 3/4 classes are heading to Arbury Park for a two day camp. This will be a memorable and exciting experience for the students and teachers. Week 5 is Book Week, Read Grow Inspire is the theme for this year. Five classes are also watching a theatre production at Hopgood Theatre during this eventful week. These are the main highlights for the term, however I am sure there will be many more that we will be experiencing.

With the excitement of a new school year ahead, we would like to take a moment to remind everyone about the utmost importance of road safety. To maintain a safe and secure environment we kindly ask everyone to adhere to the following:

1. Use the two zebra crossings when entering and exiting from the school car park. These are designed to provide maximum visibility to drivers and ensure safety of pedestrians.
2. Look both ways before stepping onto the zebra crossing. Even though the crossing is meant to be safe it's important to always remain cautious.
3. For drivers approaching the zebra crossing we ask for you to remain vigilant and show patience and consideration to pedestrians.
4. Lastly please set a good example to the children and students who learn from observing adults. We want every member of the community to be consistently using the two zebra crossings. Leadership on duty will be monitoring positive pedestrian and driving behaviours.

Happy Term 3 everyone
